

Abolfazl Nezami (Flutter - Node)

Full Stack Developer

Mashhad, Razavi Khorasan Province, Iran

I'm a passionate software engineer with four years of experience in developing dynamic, high-performance applications. My technical expertise lies in Node.js and .NET, where I craft scalable, efficient solutions tailored to diverse business needs. I'm driven by the challenge of solving complex problems and delivering robust, user-friendly products.

Currently, I'm focused on expanding my skill set in multi-platform application development using Flutter. This technology excites me for its potential to create seamless experiences across various devices. I'm committed to continuous learning and always eager to tackle new challenges that push the boundaries of what's possible.

With big plans and a clear vision for the future, I'm looking for opportunities to collaborate, innovate, and contribute to impactful projects. Let's connect and explore how we can build something great together!
